Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Community Foundation Serving Southwest Colorado as of December 31, 2020 and 2019, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

COMMUNITY FOUNDATION SERVING SOUTHWEST COLORADO
NOTES TO THE FINANCIAL STATEMENTS
December 31, 2020 and 2019

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Organization

The Community Foundation Serving Southwest Colorado (the Foundation) was founded in 1998 to promote philanthropy throughout southwestern Colorado. The Foundation's support comes primarily from individual donor contributions and grants.

The Foundation is a nonprofit organization as described in Section 501(c)(3) of the Internal Revenue Code and is exempt from federal and state income taxes.

Basis of Accounting

The financial statement presentation follows the guidance of the Financial Accounting Standards Board, ASU 2016-14 Not-for-Profit Entities (Topic 958). Under these standards, the Foundation is required to report information regarding its financial position and activities according to two classes of net assets: with donor restrictions and without donor restrictions.

Contributions received are reported as with or without donor restrictions, depending on the existence or nature of any donor restrictions. All other donor restricted contributions are reported as increases in net assets with donor restrictions. When a restriction expires, purpose restricted net assets are reclassified to net assets without donor restrictions.

The Foundation's with donor restrictions net assets consist of designated funds, scholarship funds, and fiscal sponsorship funds that are limited as to use for certain causes, scholarships for individuals attending specific institutions, or fiscal sponsorship of certain organizations. Based on the nature of the underlying donor agreements, these donations are reported as with donor restrictions when received. As the funds are spent for the intended purposes, the restrictions are released.

The Foundation also receives and holds funds for charitable organizations or programs to aid those organizations with investment management and or administrative support. Receipts and disbursements related to these funds are excluded from revenues and expenses of the Foundation. A liability is reported for these funds held for others and is included in the Statement of Financial Position caption "Agency Funds".

Income Taxes

Community Foundation Serving Southwest Colorado is a not-for-profit, charitable organization and is exempt from income tax under Section 501(c)(3) of the Internal Revenue Code, except on net income derived from unrelated business activities. The Organization adopted newly effective accounting requirements that prescribe when to recognize and how to measure the financial statement effects of income tax positions taken or expected to be taken on its income tax returns, including the position that the Organization continues to qualify to be treated as a tax-exempt organization for both federal and state income tax purposes. These rules require management to evaluate the likelihood that, upon examination by relevant taxing jurisdictions, those income tax positions would be sustained.

Based on that evaluation, if it were more than 50% probable that a material amount of income tax would be imposed at the entity level upon examination by the relevant taxing authorities, a liability would be recognized in the accompanying balance sheet along with any interest and penalties that would result from that assessment. When the Organization has unrelated business taxable income, the federal Exempt Organization Business Income Tax Returns (Form 990T) would be subject to examination by the Internal Revenue Service for three years after they are filed. Should any penalties and interest be incurred, they would be recognized as management and general expenses.

COMMUNITY FOUNDATION SERVING SOUTHWEST COLORADO
NOTES TO THE FINANCIAL STATEMENTS
December 31, 2020 and 2019

Based on the results of management’s evaluation, these requirements did not have a material effect on the Organization’s financial statements. Consequently, no liability is recognized in the accompanying balance sheet for uncertain tax positions.

Use of Estimates

Management uses estimates and assumptions in preparing financial statements. Those estimates and assumptions affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities, and the reported revenues and expenses. Accordingly, actual results may differ from the estimates.

Cash and Cash Equivalents

For purposes of the statements of cash flows, the Organization considers all unrestricted highly liquid investments with an initial maturity date of three months or less to be cash equivalents.

Custodial Credit Risk – Deposits

Custodial credit risk is the risk that in the event of bank failure, the Foundation’s deposits may not be returned to it. The Foundation had bank deposits that exceeded insurance coverage by a total of \$517,529 and \$123,594 for the years ended December 31, 2020 and 2019, respectively.

Investments

Investments are comprised of common stocks and mutual funds invested in debt and equity securities. They are carried at fair value as determined by quoted prices available in active markets for identical investments as of the reporting date.

Advertising Costs

Advertising costs are expensed as incurred.

Donated Services

Donated services are recognized as contributions in accordance with FASB ASC 958-605, *Accounting for Contributions Received and Contributions Made*, if the services (a) create or enhance nonfinancial assets or (b) require specialized skills, are performed by providers with those skills, and would otherwise need to be purchased by the Foundation. The value of contributed services meeting these requirements is as follows:

	2020	2019
Venue Usage	\$ -	\$ 8,000
Luncheon and Events	-	4,000
Accounting Services	-	272
Advertising	-	345
Volunteer Hours	6,000	
Supplies	39,600	-
	\$ 45,600	\$ 12,617

Functional Reporting of Expenses

The financial statements report certain categories of expenses that are attributable to more than one program or supporting function. Therefore, those expenses require allocation on a reasonable basis that is consistently applied. The expenses that are allocated are salaries and benefits, payroll taxes, advertising and marketing, audit, rent, program funding, and other. The expenses are allocated on the basis of time dedicated to various categories.

Reclassification

Certain reclassifications were made to the Fiscal Year 2019 financial statements in order to conform to the Fiscal Year 2020 financial statement presentation.

COMMUNITY FOUNDATION SERVING SOUTHWEST COLORADO
NOTES TO THE FINANCIAL STATEMENTS
December 31, 2020 and 2019

Accounting Standards Update 2018-08

During fiscal year 2019, the Organization adopted the provisions of FASB Accounting Standards Update 2018-08, Not-For-Profit Entities (Topic 958), *Clarifying the Scope and the Accounting Guidance for Contributions Received and Contributions Made*. This update clarifies and improves the scope of accounting guidance for contributions received and contributions made and will assist in (1) evaluating whether transactions should be accounted for as contributions (nonreciprocal transactions) or as exchanges (reciprocal) transactions and (2) determining whether a contributions is conditional.

Accounting Standards Update 2014-09

During fiscal year 2020, the Organization adopted the provisions of FASB Accounting Standards Update 2014-09, *Revenue from Contracts with Customers (Topic 606)*. This update establishes principles to report useful information to users of financial statements about the nature, timing, and uncertainty of revenue from contracts with customers. The implementation of this standard did not have a material impact on the Foundation’s financial statements and no adjustments were necessary.

NOTE 2 LIQUIDITY AND AVAILABILITY OF FINANCIAL ASSETS

As part of the Foundation’s liquidity management, it has a policy to structure its financial assets to be available as its general expenditures, liabilities, and other obligations come due.

At December 31, 2020 the Foundation has \$4,327,170 of financial assets available within one year of the balance sheet date to meet cash needs for general expenditures consisting of cash of \$1,086,261, investments of \$6,266,268, and other of \$1,516 reduced by agency funds held for others of \$1,827,786, and reduced by amounts restricted for specific purposes of \$1,199,089.

Donor restrictions are disclosed in the note titled Net Assets with Donor Restrictions. Agency funds held for others are subject to agreements with other entities and are unavailable for general expenditures within one year of the balance sheet date.

NOTE 3 INVESTMENTS AND CONCENTRATIONS OF RISK

Dodge and Cox provides investment management to the Foundation through separately managed portfolios and mutual funds. Fundholders may request that the proceeds of their donation to be invested in one or more of the Foundation’s investment options. The Foundation reserves the right to change the request in the future. Investments, stated at quoted market prices, are summarized as follows:

COMMUNITY FOUNDATION SERVING SOUTHWEST COLORADO
NOTES TO THE FINANCIAL STATEMENTS
December 31, 2020 and 2019

NOTE 5 INVESTMENTS MANAGED FOR OTHERS

Included in the Foundation's investments are funds deposited by other organizations. These amounts are recorded as liabilities of the Foundation, and income on these investments is not included in the Foundation's revenue. Activity on investments managed for others is comprised of the following:

	<u>2020</u>	<u>2019</u>
Deposits at Beginning of Year	\$ 1,611,688	\$ 1,092,393
Deposits During the Year	149,079	352,322
Withdrawals During the Year	(63,275)	(81,427)
Interest and Dividends and Realized/Unrealized Investment Gains/Losses	130,294	248,400
	<u>\$ 1,827,786</u>	<u>\$ 1,611,688</u>

NOTE 6 FAIR VALUE MEASUREMENTS

Following is a description of the valuation methodologies used for assets and liabilities measured at fair value:

- Cash and cash equivalents, other assets, agency funds, and other liabilities: The carrying amounts reported in the statement of financial position approximates fair values because of the short maturities of those instruments.
- Marketable securities: The fair values of investments are based on quoted market prices for those identical instruments.

The fair values of the Foundation's financial instruments at December 31, 2020 are as follows:

	<u>Carrying Amount</u>	<u>Fair Value</u>
Financial Assets		
Cash and cash equivalents	\$ 1,086,261	\$ 1,086,261
Investment Securities	6,266,268	6,266,268
Other	1,516	1,516
Financial Liabilities		
Agency Funds	1,827,786	1,827,786

The Foundation is subject to the provisions of FASB ASC 820-10, which establishes a framework for measuring fair value of financial instruments. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurement). The three levels of the fair value hierarchy are described below:

Level 1: Unadjusted quoted prices in active markets for identical assets or liabilities that the Foundation has the ability to access.

Level 2: Prices determined using significant other observable inputs including the following:

- Quoted prices for similar assets or liabilities in active markets;

COMMUNITY FOUNDATION SERVING SOUTHWEST COLORADO
NOTES TO THE FINANCIAL STATEMENTS
December 31, 2020 and 2019

- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Prices determined using significant unobservable inputs.

The investment's fair value measurement level within the fair value hierarchy is based on the lowest level of input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following tables set forth, by level within the fair value hierarchy, the Foundation's financial instrument assets at fair value on a recurring basis as of December 31, 2020 and 2019:

December 31, 2020	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
